ORDER NO.

SUBJECT:

DOCKET NO. 2007-445-A - 2008 Revisions to Public Service Commission's Practice and Procedure, Water and Sewerage, and Transportation Regulations - A Hearing was Held on this Matter on June 25, 2008 - Discuss this Matter with the Commission.

COMMISSION ACTION:

Move that the written report that is required under Section 1-23-111 of the South Carolina Code be issued with regard to the revisions to the practice and procedure, water and sewerage, and transportation regulations considered at the June 25, 2008 hearing before this Commission. I further move that the report find that there is a need for certain changes to the proposed regulations, and that the changes are reasonable. Specifically, Madam Chairman, I move that we add language to both 103-514 and 103-714 on DHEC violations and DHEC orders to indicate that the filer of a DHEC violation will indicate whether a stated DHEC order is under appeal. The change would also require a filer to inform the commission of the resolution of any appeal. I also move that we modify proposed Regulation 103-859 to remove the word "Staff" which appears after the word "commission" in the first line of both proposed Sections A and B, and that we add language in both sections to indicate that a customer may request a single commissioner order, and that such an Order may be also issued on a commissioner's initiative. The words "the commission staff" would also be removed from line 5 of both sections A and B. I also move that we add language to require that reports of prospective or actual disconnections shall be published on the commission's website. Accordingly, Madam Chairman, I move that we promulgate the proposed regulations, with amendments as stated above, with the exception of proposed regulation 103-133(7) on "stretcher vans." For this regulation, I move that we retain the regulation here at the Commission at this time for further consideration, and that we reopen the written comment period, with the public having until October 31, 2008 to file written comments on this proposed regulation. I further move that we instruct Staff to have the necessary notice published in the State Register.
